March H&S Lecture by Cath Pickett, and Quarry Tour

Thursday 19th March 2026

Please arrive from 09:45am for the talk at 10:00am

Site Contact: David Baggaley (David.baggaley@ibstock.co.uk)

Address- Knutton Quarry, Brock Way, Newcastle Under-Lyme, Staffordshire, ST5 6AZ

**You should sign in at the main office and weighbridge on arrival. Food will be provided on the day
subject to any diary restrictions**

Health and Safety!

**Mandatory PPE for the Factory Tour is full High visibility jacket and trousers,
safety boots, hard hat and safety glasses.**

Knutton Quarry is located in Staffordshire and supplies Parkhouse and Chesterton with their clay. The quarry has been around since 1850 and in 1996, Knutton Quarry became part of Ibstock and provides up to 500,000 tonnes of clay per year.

Cathrine Pickett is the SHEQ Director for Chepstow Plant and an ex-HSE Inspector with three decades of experience across quarry operations and regulatory leadership.

“SHEQ must be visible in every decision,” says Cath. “It’s how we plan, procure, operate, and review. When people, plant, and processes are aligned, performance follows.”

Spaces are limited, so please contact our Secretary Liam Fairclough by the Email listed above.
